P. O. Box 80666, San Diego, California 92138

5 October 1982

Mr. John McMahon
Deputy Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. McMahon,

The Armed Forces Communications and Electronics Association and the Naval Ocean Systems Center extends an invitation to you to participate in the third conference in the AFCEA intelligence series on "C³ Technology in the Coming Decades." This two and one half day symposium will offer technical presentations under the title "Software Tools and Productivity for Intelligence Systems Development." A copy of the symposium agenda is enclosed which reflects the broad range of topics to be discussed.

The symposium, sponsored by the San Diego Chapter of AFCEA, will be headquartered at the La Jolla Village Inn, La Jolla, California on November 16, 17, 18, 1982. The sessions will be given at the facilities of our host, the Naval Ocean Systems Center, San Diego, California. A SECRET security clearance is a prerequisite for attendance.

The cost of the symposium is \$65.00 for Government/Military personnel and \$150.00 for industry personnel. The fees include luncheons on November 16 and 17, a banquet on November 17, transportation to NOSC sessions, and activities for spouses. Hotel rooms have been reserved at the La Jolla Village Inn for the convenience of our attendees. The charges for rooms are \$45.00 for a single room and \$51.00 for a double room.

A registration kit and additional information may be obtained by mail or telephone:

P307

We believe that participation in this event is important for C3I industries, military and Government personnel to best understand emerging technologies and associated problem areas. We look forward to your participation.

Yours truly,
